Producer: Serena Wines

About the Producer: Cheers to life!

This is Serena Wines 1881 identity because good wine, such as water, is made of special alchemies: passion and perseverance to make the most of our work, pride to create our own story through innovative projects and high quality products, and vocation to share our own vision of the future. The Serenas know it very well because they have been real entrepreneurs and ambassadors of the enological 'Made in Italy' for more than 130 years.

Color: Shimmering pale-yellow straw colour with delicate green reflections.

Aroma: Intense aroma of acacia blossom and yellow apple.

Taste: A symphony of flavours on the palate, pleasant and harmonious with a distinctly fresh character. An exceptional prosecco for aperitifs or appetizers, it also brings out the flavour in light vegetarian pasta dishes. Venetian Prosecco DOC Brut from Serenello makes every moment special.
