

Aber Falls Single Malt Whiskey

HALEWOOD
Wines & Spirits

England

Typ: Sprit

Om produkten: Denna whisky har en arom av vanilj, kola, kanderade citrusfrukter och fikon; allt balanserat med en mild antydan av kryddnejlika. På gommen kan du uppleva söta sherrytoner med torkad frukt och krydda, kompletterad med skogsfruktsmaker, krämig malt, nötter, mörk choklad och espresso. Njut av en lång och kvardröjande avslutning av torkad frukt med en subtil känsla av krydda.

Producent: Halewood International

Om producenten: Halewood Wines & Spirits has grown from a small a start-up, to becoming the UK's largest independent drinks manufacturer and distributor by volume.

In the last three years, the company has embarked upon a huge transformational change. It has created an artisanal spirits and craft beer portfolio via acquisition and organic growth. This has propelled the business forward by focusing on core objectives; building distributional strength, driving vertical integration, identifying trends, rationalisation of low margin brands and creating consumer activations with the core purpose of building strong brand equity. Investment in production capability, especially distilling, brewing and sourcing, has stimulated development of higher quality products with a point of difference.
